

Road Safety & You

Roads are the arteries of a nation – they connect people, industry and communities. Since so many lives depend on it, it is the duty of every road user to keep it safe for themselves and others.

As part of Petroleum Development Oman's (PDO) on-going campaign to promote awareness and encourage obedience of the basic rules of road use, a unique drawing competition on the theme of Road Safety was organised for the children of PDO employees and contractors.

Twelve pictures and messages from children aged 3 to 10 years have been selected to represent a month in this calendar – and to act as a powerful reminder that road safety affects everyone.
